**By far the largest project to date we have taken on. Made all the better by working to create and improve our own house for my family. It's been a very hard few months juggling this along with all the private work, but enjoyed every minute. I could not have done this without the help and support of Annie and my good friends in there trades. Thank you all once again. Sorry for all the boring pictures but it means so much to us. Thank you to all our customers for your patience. I really do appreciate it and will now be back to normal ploughing though the diary and making carpentry dreams come true.**
